100% Guarantee

All Grace Collection products are produced by following strict premium quality guidelines. Attention to detail, workmanship and finish are important factors in offering the correct promotional product. All of our fabrics, fittings and materials are made to the highest quality standards.

Any dye we use for our clothing, thongs, headwear, bags or any other products is of the safest standard and is tested prior to use. All these tests are completed by independent testing entity such as ARPANSA in Australia, SBS and Intertek in Hong Kong. We stand behind the quality and workmanship of all our products and are proud to offer a 100% quality guarantee across all of our range.

BAMBOO CHARCOAL PROPERTIES - Bamboo Charcoal fibre is softer and more absorbent than cotton, therefore it's more comfortable against your skin in situations that call for sweat. The thermo regulating property ensures that you stay balanced and confident in the roughest condition. It will help you stay cool on the hottest day, and keep you warm when you are out in the cold.

FAR INFRARED RADIATION - Bamboo Charcoal fiber have the property of far-infrared radiation. Once absorbed, the fabric disperses the far infrared radiation to accelerate the speed of blood circulation, and promote and improve body metabolism.

ANTIMICROBIAL FUNCTIONS - Bamboo Charcoal fiber effectively decomposes the micro-organisms attached to its surface and in the air around it.
